With the sole endeavor of providing the best quality products to its customers, established in 1994, safecon is a renowned name engaged in manufacturing premium quality switches & plates.

Since the day it was started safecon has delivered its best & it is reflected by the immense satisfaction of customers & their willingness to introduce safecon to everyone they know.

Our products are manufactured from the best quality raw materials, with latest technology & best machines. Our entire product range goes through stringent quality tests specified by BIS.

The s-cube range of plates is inspired by nature's palette of stunning designs, textures, finishes & patterns. By offering a huge range of varied combinations it promises to be connoisseur's delight.

safecon  
better ideas .....  
better life .....
